NO. 154

CITY COUNCIL  
IN TRIBUTE TO  
GROVER T. NOELTWO NEW COUNCILMEN AT  
MEETING HELD MON-  
DAY NIGHT

At the opening session of the City Council Monday night, Mayor Evan Crawford asked that a silent moment of prayer be conducted for the late Councilman Grover Noel.

Two new councilmen attended Monday night's session, William McDonald, who had been sworn in as city councilman at the last meeting and Monday evening R. E. McGuffey was given the oath of office by Clerk Peabody. For the first time in several sessions, the council consisted of five councilmen, a fully body.

Councilman Pease read the claim ordinance and asked that it be passed as read. It was for a total of \$3528.99, plus an additional claim of Williams, Beck and Hess for the new council addition of \$3418.50, and one from Cundiff Electric for \$32.

Roy Sutherland was present and proposed that the northeast corner of the city park be used as the site for the new water tower. The new tower will be erected in the park and it will be under the supervision of the Water Board and not the Park Board. The new water lines will also serve that entire section, including Fox Ridge and the proposed new Rowings Addition, as it will extend south to the Kremer Kastle building. The new water line will be a 12-inch line to the tower and will be eight-inches south, thus fulfilling the fire requirements. Mayor Crawford also said that residents of Fox Ridge had also asked to be annexed to the city, but the delay came from the fact that no sewage or water could be furnished at present, but as soon as the water lines are laid, the section will be annexed.

Gordon Sayers was present and said an appraisal of the city building had been made by the Aetna Fire Insurance representative and the valuation had been placed at \$88,580. Mayor Crawford objected to the appraisal as the representative said the new building was of hollow cement block, while the old section was of brick.

The whole matter was discussed rather heatedly, but was held over pending an impartial appraisal to be made later. The insurance rates have been \$208.50 for three years, while the new proposal is for \$171.75 per year.

Earl B. Ross, operator of the Laundry Ease was present to protest the sewage disposal rates, which he said could force him out of business. He uses around 100,000 gallons of water monthly and his sewage disposal bill jumped from about \$39 to \$78 in April, as a result of the doubling of the sewage disposal bill. Mayor Crawford tried to explain the status of the sewage disposal bonds to the audience and said it will require two years for the bond fund to become adequate. He said they were relying on the engineer in charge of fix rates.

Group To Make  
Post Prom Plans

Final plans for the Greencastle High School Post Prom Follies will be completed tonight when the committee in charge of this Chamber of Commerce sponsored event meets at 7:30 p. m., in the DePauw Union Building.

The Post Prom this year will begin at midnight, May 16, in the National Guard Armory and will continue until morning. GHS junior and seniors and their dates will be guests of honor.

The night's supervised activities will include professional entertainment, plenty of eats and dancing. The Armory will be lavishly decorated for the occasion.

General committee chairmen for the Follies this year are Howard Schlatter and H. J. Blume, who has been assisted by a committee of 20 business and professional people.

The Post Prom Follies originated with the Greencastle Chamber of Commerce several years ago as a means of helping local youngsters "finish" the night, following the high school prom.

Roachdale Sets  
School Meeting

A pre-school roundup, of all children who expect to attend the Roachdale School this August, will be held Friday, April 18th at the school. The time of the meeting will be 1:30 p. (CST, slow time)

Only children who will be 6 years of age before December 31, 1958 will be eligible to attend this meeting and regular school this fall.

Plans will be made to meet these children and their parents. Points pertaining to school enrollment, school life and educational goals will be discussed by the teachers.

Mrs. Bee, the county health nurse, will be present to discuss the school health program. In addition to her talk, Mrs. Bee will show a film which will be of interest to the children.

Finally, the children will be taken on a tour of the building so that they may become familiar with it prior to entering school this fall.

At this meeting there will also be a discussion of the kindergarten sponsored by Delta Theta Tau. This kindergarten will open on May 5 and will continue through May 30th. All pre-school children will be invited. Mrs. Mildred Martin will be in charge of this project.

Every parent who has a child in this age group is "Strongly Urged" to bring the child to the school at the time mentioned above.

TRAILER MATTER  
TO BE STUDIED  
BY COUNCILMENACTION IS AGREED UPON  
AFTER ARGUMENTS ARE  
HEARD

The trailer ordinance passed by the city council in 1953 and the amendments to it were read by Mayor Crawley at Monday night's council meeting, when a delegation from the vicinity of Berry and Indiana streets appeared at the council meeting to protest the adding of trailers in that section.

The council after hearing arguments pro and con on the matter of trailers, agreed that no more trailers would be permitted to park in that territory until a study of the matter can be made and further councilmanic action can be taken.

The whole matter may be shifted to the Planning Commission and the city engineer for their recommendations.

The ordinance was originally passed on June 10, 1953, and called for penalties from \$10 to \$200 per day fine for violation. It was amended in 1957, at which time the council voted that no trailers could be added to the lots in the vicinity under discussion. It seems that new lots or additions have been prepared and new trailers added to some lots in the vicinity.

At the end of the discussion the council unanimously passed a resolution saying that no trailers could be added to any court until a study had been made of the whole matter, because the residents of the neighborhood were told by the council a year ago that trailer courts would be outlawed within the city limits.

Realtors Will  
Meet Wednesday

Around seventy-five realtors from District 6 of the Indiana Real Estate Association are expected to attend the "bread and butter" conference at the Student Memorial Union on Wednesday. The conference will open at 10:00 a. m. and will adjourn at 4:00 p. m. A noon luncheon has been arranged.

Presiding at the conference will be Hal Hickman, president of the Putnam County Board of Realtors. The members of the local Board will serve as hosts on this occasion.

Walter M. Evans, Indianapolis, president of the state group, will address the noon luncheon meeting, and William R. McCord and Robert E. Walker, both of Indianapolis, will take part in a panel discussion on brokerage problems.

On the agenda will also be the talk by George Bloom, head of real estate at Indiana University. Ted McDonald of Lafayette will speak on "Salesmanship in Print," and Don Sauer of the Indianapolis office reported that "bodies" were seen floating in the water in the midst of the wreckage about 1 1/2 miles from the main bridge span.

Bomber Explodes  
At St. Petersburg

ST PETERSBURG, Fla. UP—A low flying B47 Stratojet bomber exploded over the heavily traveled Sunshine Skyway bridge today and plunged into the Gulf of Mexico. The three of four crewman aboard were presumed killed.

A spokesman at MacDill Air Force Base confirmed that the plane was a sweptwing jet bomber stationed at the base but said a check would have to be made to see how many crewman were aboard.

The Hillsborough County sheriff's office reported that "bodies" were seen floating in the water in the midst of the wreckage about 1 1/2 miles from the main bridge span.

Deputies quoted witnesses as saying the big plane flew low over the bay, nearby hitting the bridge, then burst into fiery fragments as it passed over the span.

One of the jet's engines, two light helmets and other debris from the plane showered down on the bridge.

## ARTICLE PUBLISHED

An article by Dr. Edward K. Williams, associate professor of English at DePauw, appears in the current issue of The Library Chronicle, published by the University of Pennsylvania.

Entitled "New Lights on Henry Needler," the article represents in part an attempt to clarify the literary and historical values of writings by the little-known 18th Century English author.

REELSVILLE JUNIOR CLASS  
PLAY WEDNESDAY

The Reelsville Junior class will present the class play, "House For Sale: Haunted," on Wednesday evening, April 16th, at the Reelsville gym.

Many Attend  
Drivers' School

A capacity attendance turned out Monday evening for the driver training school conducted by the Chamber of Commerce in the Assembly room of the court house.

Sergeant Byrond of the Indiana State Police and David Barr, secretary, read and answered the questions, some 25 of them, and those attending got a lot of information from the questions that come in handy when they apply for their drivers' license in the future.

William A. Jobe  
Called By Death

William A. Jobe, 89, Cloverdale R. 1, passed away Monday evening at the home of his daughter, near Poland. Mr. Jobe was born November 2, 1868, in Putnam County, the son of John and Katharine Rountt Jobe.

He suffered a stroke two weeks ago at the Poland Community Sale, and has been in failing health since that time. He was a member of the Universalist Church of Cunot. He was married to Ann Genette Allen who preceded him in death in 1925.

Survivors are: two daughters, Mrs. Myrl Beck, Cloverdale R. 1; and Mrs. Bernice Walbring, Poland, R. 1; two brothers, George, Cloverdale R. 1 and Henry, Terre Haute; one sister, Mrs. Sallie Meek, Cataract; four grandchildren and seven great grandchildren.

Funeral services will be held Wednesday afternoon at 2:00 p. m. from the Whitaker Funeral Home in Cloverdale. Interment will be in Cunot cemetery.

Friends may call at the funeral home in Cloverdale.

SOME STILL ELIGIBLE FOR  
CORN ACREAGE RESERVE

Some farmers in Putnam County are eligible to request agreements to enter the corn Acreage Reserve part of the Soil Bank even though they were unable to sign up during the regular period, Philip B. Hutcheson, Chairman of the local Agricultural Stabilization Conservation Committee said today. A certificate indicating that they attempted to sign up is required on a form available at the county office and requests must be signed by these farmers on or before April 18, he said.

According to Mr. Hutcheson the additional money appropriated by Congress for this year's program must first be offered to people who have already signed up, or who are on the waiting list. Since there are always some disapproved applications and some farmers who may accept the new group in some cases may be accepted to use the remainder of the county allocation.

Lions Club Met  
Monday Evening

The Greencastle Lions Club met Monday evening at Lions Hall with President Al Childs, presiding. After a fine dinner served by the kitchen committee, several guests were introduced, including Bill Siler, presented by Paul Buehler; James Poor presented his brother Robert, and John Andrew presented Paul Lehe. Two free meals were announced and were won by Richard Saunders and Art Zaring.

The Lion-of-the Month trophy was awarded to Lion Charles Shuee for his consistent and faithful work in the club.

A committee of Past Presidents, composed of Paul Buehler, Chas. Shuee and Richard Rossok listed a slate of nominations for officers for the coming year. The drawing was held for the two tickets for the Indianapolis 500 Mile Race and Larry Brant was the lucky winner. It was announced that the birthday calendar drive would get under way in the near future.

OPINION POLL  
REPORTED BY  
CECIL HARDENVOTERS AGREE ON FINAN-  
CIAL REPORTS BY  
LABOR UNIONS

WASHINGTON, D. C. Returns in Mrs. Cecil Harden's 1958 legislative opinion poll have now passed the 4,000 mark—which is in excess of 10 percent of ballots mailed to date—and certain conclusions can be drawn from the results.

There is virtually complete agreement among 6th District voters that labor unions should be required to file financial reports with the Government showing how union funds are spent. Tabulations of 2,600 ballots show 2,449 favoring such a law, with 125 opposing and 26 expressing no opinion.

Since the polling so far has been confined largely to city and town residents, where most union members reside, this result would seem to reflect the union member viewpoint as well as that of non-union men and women.

Only one other poll question draws such a one-sided vote—the question outlawing subscription television. Here the vote against pay TV is 2,078 to 449, with 73 undecided.

Leading by margins of about two-to-one are two aid-to-education proposals—a Federal scholarship plan and tax deductions to parents of college students.

Income tax reduction as a recession weapon is opposed, 1,554 to 970, with 76 not decided and the President's anti-recession program in general is approved narrowly, 1,289 to 1,111, with 209 not voting.

Eisenhower's foreign policy leadership is approved, 1,456 to 954, but District voters favor reducing foreign economic aid by a margin of more than two to one. The actual vote on this issue is 1,754 to 730, with 118 undecided.

These same voters oppose, although by the narrowest of margins, (Continued on Page 2)

Hypnotist Will  
Perform Here

Two hours of pure entertainment will be offered to Greencastle and county residents here Thursday night when Prof. Russell K. Barron stages his breathtaking show, "Hypnotic Marvels."

Featuring a series of novel and fascinating acts, the program will get under way at eight o'clock in the Greencastle high school gymnasium.

Organizational sponsor of "Hypnotic Marvels" is the local Kiwanis Club, which will use all proceeds to support its charitable projects within the community.

According to advance information, Professor Barron's entire program is filled with thrills, excitement, and mystery, providing a perfect blend of drama and entertainment.

Featuring mirth-provoking displays of hypnotism in all its various forms, including directed will power and mental telepathy, the stage show is strictly a family event.

Both adults and children will be amazed by the numerous acts and spectators at previous performances by Professor Barron claim that they long will remember the phenomenal sequences of audience-participation stunts.

Prior to the evening show, the professor will stage a free public demonstration on the court house square. Starting time for the free act will be approximately 12 noon. Chairman of arrangement for the Kiwanis Club is Darrel Gooch.

CAREER DAY IS  
SCHEDULED AT  
HIGH SCHOOLKIWANIS SPONSOR VOCA-  
TIONAL COUNSELING  
CLINIC TOMORROW

Cooperating with the local high school, Greencastle's Kiwanis Club will sponsor its annual Career Day for high school students here Wednesday afternoon.

According to Dr. Albert Reynolds and Glenn Skelton, co-chairmen of the event, a corps of counselors will offer advice and information in 39 vocational areas.

Featured speaker at the 1 p. m. opening session in the high school auditorium will be Richard Fredericks, general manager of the local International Business Machines plant.

Following Fredericks' address, students will move to the first of three half-hour counseling sessions. Beginning times for the vocational discussions are 1:35, 2:10, and 2:45.

Counselors will include Robert Hicks, athletics and coaching; Ward Mayhall, banking; Robert Williams, building and construction; Garret Boone, commercial art; Philip Elliott, engineering; Miss Audrey Beatty, home economics; Art Spengler, industry; Lou Fontaine and Ed Casassa, liberal arts college.

Russell Rozer, library science; Clinton Gass, mathematics; Milton Trusler, music; Evan Crawley and John Vermillion, municipal government; Mrs. Hal Albrow, nursing; Miss Elizabeth Turnell, radio and television; Roland Headley, retail selling; James Reed, Terre Haute, professional scouting and engineering.

Mrs. Roy Sutherland and Mrs. Ward Mayhall, secretarial work; Clinton Green, teaching; Boyd Knuppel, veterinary medicine; George Murphy, conservation; John Ricketts, science; Ned Letts, Air Force ROTC; R. W. Vermillion, dentistry; Leon Buis, insurance; Don Tourtelot, journalism.

Charles Lynn, laboratory technician; Rexall Boyd, law; John Earnshaw, mechanics; James B. Johnson, medicine; Charles Erdmann, recreation and camping; Don Hartstock, religious work; Miss Ethel Mitchell, women's physical education; Jack Katzbach, accounting; and John Reiling, social service.

Also on hand will be representatives of three other vocational fields—armed forces, beauty culture, and technical institutes and highway technician's work.

Amo Resident  
Died On Monday

Mrs. Nora Bell Kersey, age 85, died suddenly Monday noon at her home in Amo.

Mrs. Kersey was born in Putnam County, the daughter of William and Elizabeth Keller O'Neil. Most of her life was spent in the Amo Community. She and her husband, Dayton, celebrated their sixty-sixth wedding anniversary on Nov. 17, 1957.

Survivors are the husband, two sons, Fred, of Stilesville, and Fay of Staughn; and ten grandchildren.

Funeral services will be held Wednesday afternoon at 2 o'clock from the Powell Funeral Home in Coatesville. Burial will be in the Hadley cemetery.

Friends may call at the funeral home.

**CASTRO MAKES VOW**  
HAVANA (UP)—Rebel leader Fidel Castro vowed Monday night that his followers will "fight to the death" to overthrow President Fulgencio Batista's "tyranny."

In an unprecedented broadcast over the rebel radio, Castro said the past, present and only aim of his movement is to overthrow the Batista regime.

As the rebel leader spoke, figures circulating here indicated that the 24-hour roll of Castro's six-day-old revolt would amount to about 140 dead.

#### MURDER AND SUICIDE

INDIANAPOLIS UP—An estranged Indianapolis couple was shot to death in an automobile today, and police called it a murder-suicide which orphaned a 9-year old boy and a 6-year-old girl.

Elsworth Hay, 38, apparently shot himself to death a moment after he fired a fatal shot into the back of the head of Mrs. Pauline Hay, 40. Mrs. Hay died 2½ hours after the shooting.

#### HARDEN POLL

gins, any reduction in military aid to our allies. The vote is 1,300 for reductions, with 1,300 opposed and 161 undecided.

Secretary of Agriculture Benson's farm policies win approval, 1,281 to 995, with 524 undecided. Bear in mind, however, that votes represented in these totals are largely city and town votes. The poll of farm and rural areas may well show different results on this question.

Considerable concern among Sixth District residents over recent Supreme Court decisions is evidenced by a close vote on curbing the powers of the Court. 1,016 vote for curbs, with 1,484 opposed and 100 undecided.

#### IN MEMORY

In loving memory of David Jent, Jr., who was lost at sea, 9 years ago, April 15, 1949.

The saddest time of all the year A silent thought, and a secret tear

Time takes away the edge of grief And memory turns back every leaf

We have only your memory, Junior, dear, To remember our whole life through

But the sweetness will linger forever As we treasure the image of you. Sadly missed by Dad, Mother and all the family.

#### Bainbridge Saddle Club Has Busy Weekend

The spring horse show to be held on June 8th was the main topic of discussion at the monthly meeting of the Bainbridge Saddle Club held at the Morton Sale Barn Saturday evening. Ways of improving the show were suggested and discussed by the members present with some of the suggestions being approved and adopted. Committee chairmen were appointed to be responsible for the different aspects of the show.

Following the business meeting refreshments of cake, cookies and tea or coffee were served, and the meeting was adjourned.

Twenty members with their horses met Sunday at the home of Mr. and Mrs. Chesley Jordan for the first ride of the season, followed by a weiner roast. Everyone brought a sack lunch to be eaten on the way for the noon meal as the ride covered approximately fifteen miles. It was beautiful weather for the first ride which consisted of some riding on the road, cutting off through the countryside around the Mansfield Dam area and back to the Jordans.

After the long ride the weiner roast was greatly enjoyed by everyone. Some of the members who could not attend the ride arrived for the weiner roast making a larger group. Soft drinks were provided by Chesley and Jeannette Jordan and were greatly enjoyed.

Horses were loaded and tired members thanked the Jordans for an enjoyable day.

The election of officers, normally a part of the annual meeting, will be postponed this year until June. The Northwest Indiana Conference is being rezoned from four districts to five and the election will be delayed until new districts become effective.

#### Training Meeting Held For Lesson Leaders

Lesson leaders from all 31 home demonstration clubs in Putnam County attended a training lesson in home management on Friday, April 10 in Greencastle.

Miss Elkin Minter, specialist from Purdue University taught the lesson. Some of the things she said about management were:

A desire to make housework easier involves much thought, planning, breaking old habits and forming new ones. Our results will depend on what we want and what we have to work with. The first requirement is that we desire to change and believe change is possible. With this in mind, we can begin to look at our work and our method of getting it done.

There are five factors involved in managing any situations: the worker, time, energy, tools and money. Everyone has 24 hours a day, but in energy and money, individuals vary. It's the way these are used that determines whether we are pleased or displeased with our accomplishments. We are all managers, but we determine by mental processes how good or how poor a manager we are. To solve the problem in easier housework, we must decide how to use our time, energy, purchasing power, abilities and material items. This means we must decide the following:

1. What we want: what stand-

#### Engaged

Sarah Parr Myers

Mr. and Mrs. Howard B. Myers of Roachdale announce the engagement and approaching marriage of their daughter, Sarah Parr, to Mr. Melvin Dale Corley of Michigan City, son of Mr. and Mrs. Dale Corley of Michigan City.

Both Miss Myers and Mr. Corley are seniors in Purdue University. Miss Myers is a member of Kappa Alpha Theta and Delta Theta Tau. Mr. Corley, in the School of Civil Engineering, is a member of Phi Gamma Delta fraternity.

The wedding will take place June 14, 1958 in the home of the bride, followed by a reception for relatives and friends.

#### Engaged

Patricia Ellen Bless

Mr. and Mrs. Marshall R. Bless of Greencastle, announce the engagement and approaching marriage of their daughter, Patricia Ellen, to David C. Morgan, son of Mrs. Cerna B. Morgan of Greencastle and Arthur M. Morgan of Hollywood, Florida.

Miss Bless will graduate from Indiana University as a Medical Technologist in June, where she is a member of Sigma Kappa Social Sorority and Alpha Delta Theta National Honorary Fraternity. Her fiancé graduated in Electrical Engineering from Purdue University where he was a member of Alpha Chi Rho Fraternity. He is now serving as a Lieutenant in the United States Air Force, stationed at Forbes A.F.B. Topeka, Kansas.

The ceremony will be solemnized June 7th in the Greencastle Presbyterian Church.

ard and what goal we are after?  
2. We must determine ways this end or goal can be reached.  
3. Consider alternatives in terms of energy, quality and quantity of output, time and energy.

4. Select the way that will give pleasing results and is most suitable to things available to work with.  
5. Study, and when possible, improve procedure.  
6. Avoid the unnecessary waste doing the job better than the standard you have set.

There are five classes of change possible in most jobs.

1. Change in hand and body motion. (Reduce steps, stoops, stretches, holds, lifts, carryings)  
2. Changes in tools and equipment, work place.  
3. Work process or order.  
4. Finish product—quantity, quality, design.  
5. Material and ingredients used.

The final step in finding the best and simplest way of doing homemaker tasks is to "use" the improved method. Use until it becomes a habit, work toward your natural speed, then time and energy needed for the job is reduced.

As new equipment comes along or changes occur in the family, jobs need to be re-evaluated. Study the directions with new equipment, then using procedure suggested above, work out your

job. It may well be you will choose another goal and set of procedures under different circumstances.

#### Mrs. Shonkwiler Is Club Hostess

Community Service Club met Tuesday night in the home of Mrs. Malcolm Shonkwiler, with twenty-two members responding to roll call. The president, Mrs. Warren Caywood, presided. Following club creed and flag salute the Safety lesson was given by Mrs. Roy Hanks; Outlook, Mrs. Dale Ross and Garden hint, Mrs. Henry Osborn. The lesson on Program Planning was ably given by Mrs. Ralph Clodfelter. During the social hour the hostess and her assistant, Mrs. Norman Evens, served delicious refreshments.

#### Baptist Church Group Met On Tuesday

The Women's Missionary Society of the First Baptist Church met at the Church Tuesday evening, April 8th.

The meeting was opened with a song service led by Mayme Leslie, accompanied by Betty Aker at the piano.

Mrs. Ellen Reed had charge of the devotions.

The business meeting was held and nineteen ladies answered roll call. It was announced that the Mother and Daughter Banquet would be held May 14th at the "Old Trail Inn." It was also announced that "The Council of Church Women" will meet here at the church, April 28th.

Installation of new officers was in charge of Mrs. Thelma Miller. The following persons were elected to office: President, Frances Rossok; treasurer, Jesse Wells; vice president, Missions, Ollie Ricker; vice pres. Christian Training, Ellen Reed.

Two films, "The City of Jerusalem" and "The Town of Pompeii" were shown by Rev. Miller. Social hour was held and hostess, Donna Moore and co-hostess Mable Pace, served delicious refreshments.

#### St. Paul's Mothers Club Meets Wednesday

St. Paul's Mothers club will meet Wednesday at 7:30 p. m. in the chapel. The club will entertain the children with the showing of the film, "The Triumphant Hour." Anyone in the Parish is invited to attend the meeting and see the film.

#### American Legion Auxiliary Held Business Meeting

Our last regular business meeting was held at the Post Home. Realizing that we are past the halfway mark of our year and every thing shaping up for our history book except to be a superior unit this year we must have 24 more members of last year to pay their dues or any other who would like to join our great organization who is eligible.

We feel real proud of our 7th annual style show and card party and appreciate the wonderful donations by the Greencastle merchants. We wish also to thank everyone who attended and we feel sure you had an enjoyable evening.

By popular request Antonio Caruso and Jo Hunter have consented to serve an Italian spaghetti dinner on April 29. An all day meeting of the District Auxiliary will meet at Crawfordsville on April 30 with a pot-luck lunch.

At the National Convention of the American Legion in Cleveland, September 27, 29, 1920 the Poppy was adopted as its Memorial Flower and at the American Legion Auxiliary's organizing convention held in Kansas City, October 1921 it also adopted the Poppy as its memorial flower and at that time pledged that the Poppy Day contributions be 100 per cent for welfare relief for service men and women and their families, thus fulfilling the true meaning of the Poppy and of faith which is being kept with all who died, through service to the living. Let's all wear a Poppy on Poppy Day.

#### IN MEMORY

In loving memory of Ronald Sutherland who passed away, two years ago today, April 15th.

Friends may think we have forgotten when they see us smile,

But they don't know the heartache the smile hides all the while.

It fills our hearts with sadness when we think of all the pain you bore so bravely yet not in vain, For God took away the pain and anguish

And gave you sweet rest. And we know Ronnie, God always knows best. Sadly missed by Mother and Father and Brothers and Sisters.

—REALTORS TO MEET  
diana University School of Business, will discuss the "financing picture."  
The local committee arranging the conference was composed of

Mrs. Ida Shetrone, J. B. Marsh, Hal Hickman and Mrs. O. B. Foster. Other members of the Putnam County Board are John W. King, O. U. Carpenter, E. H. Collins, and Ray Vaughan.

#### IKE NOW PITCHING...

Right-hander Ike Eisenhower stands grinning, as big-league ball-players scramble for his high, hard one which he tossed from the Presidential Box at Griffith Stadium to launch the 1958 baseball season. The Washington Senators, capitalizing on opening-day bobbles by the Boston Red Sox, took the first game of the year, 5-to-2.

Why all the red tape?  
You can understand why we don't sell narcotics without a physician's prescription. But maybe you've wondered why we're so fussy about other things... like penicillin, sleeping pills, the new tranquilizers. These potent medications are called "legend drugs" and you have to have a prescription to get them. Reason: Uncontrolled use may do more harm than good. Only your physician knows whether you should use them or not—and, if so, just how much. So we require a prescription. It's a matter of professional ethics and the law. Always it's common sense.

## Parade of Homes

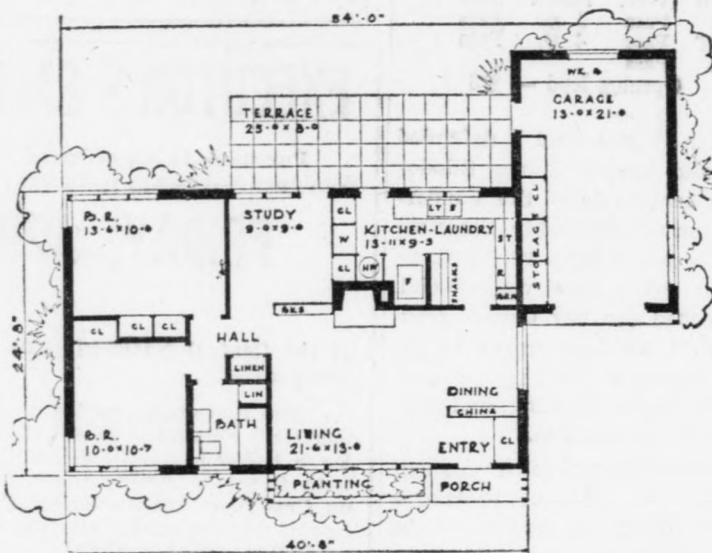

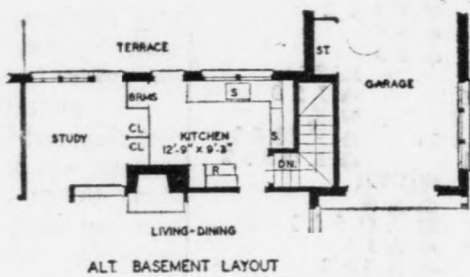

DESIGN H-218  
SQ. FT. 999  
CU. FT. 11,240  
GARAGE SQ. FT. 329

Here is a carefully condensed plan that accommodates an exceptionally large amount of livability. Designed for a young married couple or for an older pair nearing retirement age, this home can be built for an amazingly low dollar output. Several factors contribute to this economy including the basic rectangular dimensions.

So that the interior can retain its feeling of spaciousness, the architect has cancelled out all hallways. The entry leads directly into the living room. The focal point as one enters is a snug fireplace backed up against the kitchen-laundry area partition. To augment interior spaciousness, all identifying partitions between living and dining area are eliminated. A china closet, however, effectively screens the dining room from entry.

The kitchen, utilizing a variation of an "L", is especially well equipped with cabinets and counter space and equally important is the convenient laundry area. Furthermore, full advantage can be taken of the rear patio as a doorway opens out onto this desirable appointment from the kitchen.

Access to the patio can also be gained from the study located next to the homemaker's domain. This multi-purpose room serves as the home's safety valve.

Its location and size makes it eligible for any number of emergency uses.

Both the regular bedrooms are ample in dimensions and a row of three closets effects a sound barrier between the two.

Located in the fore portion of the interior, the bath can be easily reached from both bedrooms and daytime living areas. This location also permits a healthy savings in plumbing supplies during construction.

An alternate plan is available

with basement specifications. For those who prefer to forego this added expense, plenty of storage space has been provided in the attached garage.

This plan conforms to general FHA, VA and Building Code requirements. Electrical layout is indicated on the blue prints. The plan contains 999 sq. ft., 11,240 cu. ft. without basement and 18,977 cu. ft. with a basement and 329 sq. ft. for the garage. Your builder or material supplier can give you the average cost per square or cubic foot in your area.

### NEW TYPE AIRLINER

LONDON UP — Britain's aircraft industry laid long range plans today for production of the

world's first vertical takeoff airliner.

A prototype of the "Vertiplane" successfully completed test Monday.

The strange looking craft has conventional wings and two regular engines for level flying. For takeoff it has jet-powered helicopter blades mounted on top of the twin-tail fuselage.

## Truman Denies 1950 Statement

WASHINGTON UP — Former President Harry S. Truman denied today that he said in 1950 that unemployment of three to five million persons was not too bad a thing.

Rep. Henry C. Talle R-Iowa asked Truman about it while the former President was testifying before the House Banking Committee.

The statement was attributed to Truman by Arthur Krock in an "exclusive interview" published

in the New York Times Feb. 15, 1950.

"That exclusive interview didn't happen," Truman said. "It came out of the air."

Krock did not directly quote Truman but described what he said were the then-President's current views.

### YOUTH LOSES LEG

HAMPTON, Va. UP — Charles Watson Jr., 18, one of two youths who accidentally set off a Navy practice bomb, underwent a leg amputation Monday. He and Robert Hastings, 16, had found the bomb on an island. Hastings suffered serious burns.

Fred Swanson wrinkled his brow as he gazed upon the scene of his once thriving retail business — a mass of twisted debris and wreckage. The result of a complete burn-out.

Naturally, at such a time, his thoughts turned to insurance. He knew the loss was

about \$65,000. His only question: "How much of it will fall on me?"

His hopes were high as he called me because he remembered several improvements to his insurance program were now in effect. I was comforting. "No one wins on a bad fire, Fred," he said, "even with full protection. There's still the disruption of plans, the inconvenience, and the work of getting organized and set up again. However, I think you're well covered from a financial standpoint."

Sure enough — Fred was able to go right back into business. His stock was fully covered. He had the money to replace it with fresh merchandise. And his "Business Interruption" policy kept all essential employees on the payroll. And it paid him the "profit" he would have earned, had the fire not occurred.

It is a pleasure to relate a case history like this instead of the other kind. It proves a good insurance program WORKS!

May we set up an adequate insurance program for your business?

## Violence Flares In South Africa

JOHANNESBURG, South Africa UP — One African man killed and 35 injured Monday night in native riots protesting Wednesday's parliamentary election in which only white citizens may vote.

The riots flared in Sophiatown,

a Johannesburg suburb, after the African National Congress called off an intended three-day protest strike for lack of support. The strike lasted only 12 hours.

Strike supporters threw stones at white motorists, police vehicles and Africans returning from work. Police opened fire, killing one African and injuring four.

San Fernando is Trinidad's second city—after Port of Spain.

FOR RENT

**THE LARY BANNER**  
TUES. APR. 15, 1958. Page 6  
GREENCASTLE, IND.  
**STRIKE TIES UP PLANT**  
LEBANON (UP)—The Stew-  
art-Warner Corp., heating and

air conditioning division plant  
here was idled today by a strike  
15 days after its contract with  
the United Steelworkers Union  
expired.  
About 175 members of Local  
4911 struck when the firm failed

to meet demands for increased  
wages, insurance benefits, and  
paid holidays.

#### BOY ON WAY HOME

KNOXVILLE, Tenn. (UP)—  
Ronnie Lee Templin, 17, was en-  
route to his Kokomo, Ind., home  
today with his parents after re-  
porting to police he was kidnap-

ed and held prisoner at gunpoint  
at Kokomo.

The boy said he was abducted  
by a 45 year old man and that  
he escaped from the kidnaper  
in Knoxville. Detective R. C.  
Crawley telephoned the boy's  
parents, Mr. and Mrs. H. O. Tem-  
plin, and told them Ronald ap-  
parently had run away from his  
home.

#### NEW LABOR BILL

WASHINGTON UP — Chair-  
man John L. McClellan of the  
Senate Rackets Committee  
brought forth a new labor re-  
form bill today with an asser-  
tion that union racketeering  
could lead to a "gangster-domi-  
nated economy."

The Arkansas Democrat plan-  
ned to introduce his proposal in  
the Senate a short time after his  
committee opened a new investi-  
gation of alleged corruption in  
the Teamster Union.

The bill would require labor  
unions to register with the Labor  
Department and file financial re-  
ports and other statements which  
would be open to public inspec-  
tion.

Meanwhile, it was learned a  
three-member board of monitors  
assigned to keep an eye on the  
Teamsters was to discuss de-  
tails of a large-scale accounting  
review of the union with officials

of an accounting firm here to-  
day.

#### GAZA ANNEXATION SEEN

JERUSALEM, Israeli Sector  
(UP)—Arab experts here said  
today that the flying of the  
United Arab Republic flag over  
the Gaza administration building  
this week was an indication U.  
A. R. President Gamal Abdel  
Nasser plans to annex the Gaza  
Strip. The area has a separate  
status.

#### DYING WISH GRANTED

BILLINGS, Mont., UP — The  
dying wish of an 81-year-old re-  
cluse has been granted by the  
Humane Society.

Mrs. Rose A. Rynearson whis-

pered on her death bed Sunday.  
"If any thing happens to me, put  
my kids to sleep. I want them to  
be with me up there."

Monday the Humane Society,  
with an assist from city dog war-  
dens and a veterinarian, went to  
Mrs. Rynearson's ramshackle  
three-room home and rounded up  
her "family" of 60 cats. They

were put to sleep with a hypoder-  
mic needle.

#### CARD OF THANKS

I wish to express my thanks to  
my relatives, friends and neigh-  
bors for the flowers, cards and  
letters I received during my stay  
in the hospital.

Mrs. Myrtle Reynolds.

# Starts Wednesday Picture Of The Month

# Peyton Place

is a corner of

# America!

To the naked eye...it is tree-shaded streets...  
the Peyton Place High School...the picnic  
grounds...Doc Swain's house...and the  
dress shop of Constance MacKenzie.

But, if you look at it with your heart, under the  
surface, Peyton Place is a story of people...with  
all their frailties and greatness...with all their  
joys and sorrows...with all their triumphs and  
tragedies.

Peyton Place is all you will ever know of life  
and love...for seldom has the screen  
taken a more meaningful look at  
human emotions!
